

IAM Board Application

About Me –

Name: Sanchit Sharma

Country: India

I have been a part of the memory community since 2017 and am also a member of the first elected IAM Board. My involvement in memory sports has been via the Memory League tournaments where I have taken part in every edition. I have also broken 3 Guinness World Records in memory, pertaining to memorizing numbers and cards. On the professional front, I am currently working in strategy & operations consulting.

Motivation Statement:

After a thrilling first year with the IAM Board, I am excited to contest once again. The journey with the board this past year started slow but soon propelled ahead with zeal once we realized the hurdles in communication and actively worked on resolving them. Interacting with many more people in our sport, holding regular and detailed discussions on several topics – tournaments, arbiting, event rules, partnerships, introducing titles, digitalization of the sport, among many others, has been a deeply enriching experience for me. In the second half of my term, I joined the Public Relations team where our primary goal has been to directly connect with the memory community in as transparent a manner as possible. With a forum for public suggestions, monthly update newsletters, increasing presence on social media, we have been working committedly towards that goal.

At this stage, it is all about forward momentum for the IAM. I am motivated to continue working for the betterment of our community and to build on the progress we have made so far.

As always, I am open to discussing ideas and suggestions that encourage the growth of our beloved sport. If you believe that I can represent your interests well, I would be honoured to earn your vote.

Best Wishes,

Sanchit Sharma
